LIAISON 4-5

CENTRAL INTELLIGENCE AGENCY
WASHINGTON, D.C. 20505

16 April 1968

Mr. William C. Shelton, Chief
Division of Foreign Labor Conditions
Bureau of Labor Statistics
U. S. Department of Labor
407 Columbian Building
416 - 5th Street, N. W.
Washington, D. C.

Dear Mr. Shelton:

The Office of Basic and Geographic Intelligence is in the process of developing its operating budget for FY 1969 and estimating funds required for FY 1970. As you are aware, we plan to discontinue production of Section 44 (Manpower) and, in its place, provide somewhat expanded coverage of the subject in Section 4 (Sociological) of the General Survey. Considering the transitory nature of the subject, it is anticipated that the more frequently updated General Survey will provide a better vehicle for the manpower coverage and that some savings in production effort can be realized. Details on the scope and content of the expanded contributions to be produced by your department are being developed by this agency in coordination with your office. Deliveries required in FY 1969 are as follows:

Section 44 (Manpower)

Guinea (production now underway)

New Inputs to General Survey Section 4 (Sociological)

25X6

Yugoslavia
Italy
Indonesia
Communist China
United Arab Republic
Chad
Nigeria
Paraguay

Guyana
Burma
Hungary
Ethiopia
Guinea
Honduras
South Yemen
with Muscat and Oman
Cuba

GROUP 1
Excluded from automatic
downgrading and
declassification

An additional 10 inputs to be produced by Labor in FY 1969 will apply to the FY 1970 General Survey schedule, not yet approved by the NIS Committee.

Accordingly, we would appreciate by 3 May 1968 the following information regarding your NIS staffs:

- a. current projection in funds and personnel for FY 1968;
- b. changes in previously submitted funds and personnel estimates for FY 1969, based on possible reductions in levels of production effort during the transition period;
- c. funds and personnel estimates for FY 1970, based on the levels of effort required to produce 30 inputs.

Sincerely,

JAMES A. BRAMMELL
Director
Basic and Geographic Intelligence
